It would be a singular termination of the struggle in France, if the capital or seat of Government should be removed from Paris to some other French city, but such an act is seriously contemplated. No doubt the Government has always been seriously minded and disturbed by the pro-cess of the great city, and if free from such intimidation, it would stand a better chance of success and stability.

Insurance.—Mr. George W. Miller, Superintendent of the New York State Insurance Department, recommends the Department to secure uniformity in the insurance law. He proposes a general meeting in New York city. He will say that the past and prospective increase of the number of State Insurance Departments, each established under different laws and adopting different forms, rules and regulations, has naturally tended to increase the expense of insurance companies, and of course to the detriment of the insured. Thiers recognized the French government. PARIS, Feb. 19, via London, Feb. 19. Note of the Bank of France for twenty francs, printed on parchment, have been issued, and those for twenty-five francs to be withdrawn. Many members of the Diplomatic Corps have returned to Paris. No news has yet been received at the Executive Mansion or at the Navy Department respecting the Tennessee.

WASHINGTON, Feb. 19.

Wm. B. Higgins, ex-Mayor of Wilmington, Del., was arrested in West Virginia by the Freedmen's Bureau for alleged frauds on colored county bounty claimants and taken to Wilmington for trial.

The Typographical Union of Washington, at a meeting last night, admitted J. Keet Smith (colored) by a vote of 229 against 68. The cases of Frederick Douglass, Jr., and Lavalete Lenth, also colored, were not definitely acted on.

The question has been pending for a year, causing much excitement among the typographical fraternity.

Many persons heretofore hopeful of the safety of the Tennessee, are beginning to despair, notwithstanding the repeated assurances of gentlemen in high official position that she is safe.

The following is a portion of the instructions given to the commander of the Tennessee, by the Secretary of War, dated Jan. 10th: The Department expects you to be ready to proceed to sea with the Tennessee under your command Monday next, 10th inst., without fail. Having meanwhile or on that day received on board the Commissioners and their suite, you will carry them with all practicable dispatch to Samarra Bay or other port in San Domingo as they may desire to visit. You will put the ship, her accommodations, and her movements at the disposal of the Commissioners, taking her to such ports within or without San Domingo as they may desire to visit, observing, however, a necessary regard for her safety which a prudent commander always exercises. You will remain with the Commissioners at their disposal, as aforesaid, or until they desire you to return to this country. You will not put the ship at the disposal of any other port in the United States as they may desire to be landed at, and report your arrival by telegraph and otherwise, as usual to the Department.
